## PROJECTS

## PHYSICIAN GROUP PRACTICE BUNSCHOTEN

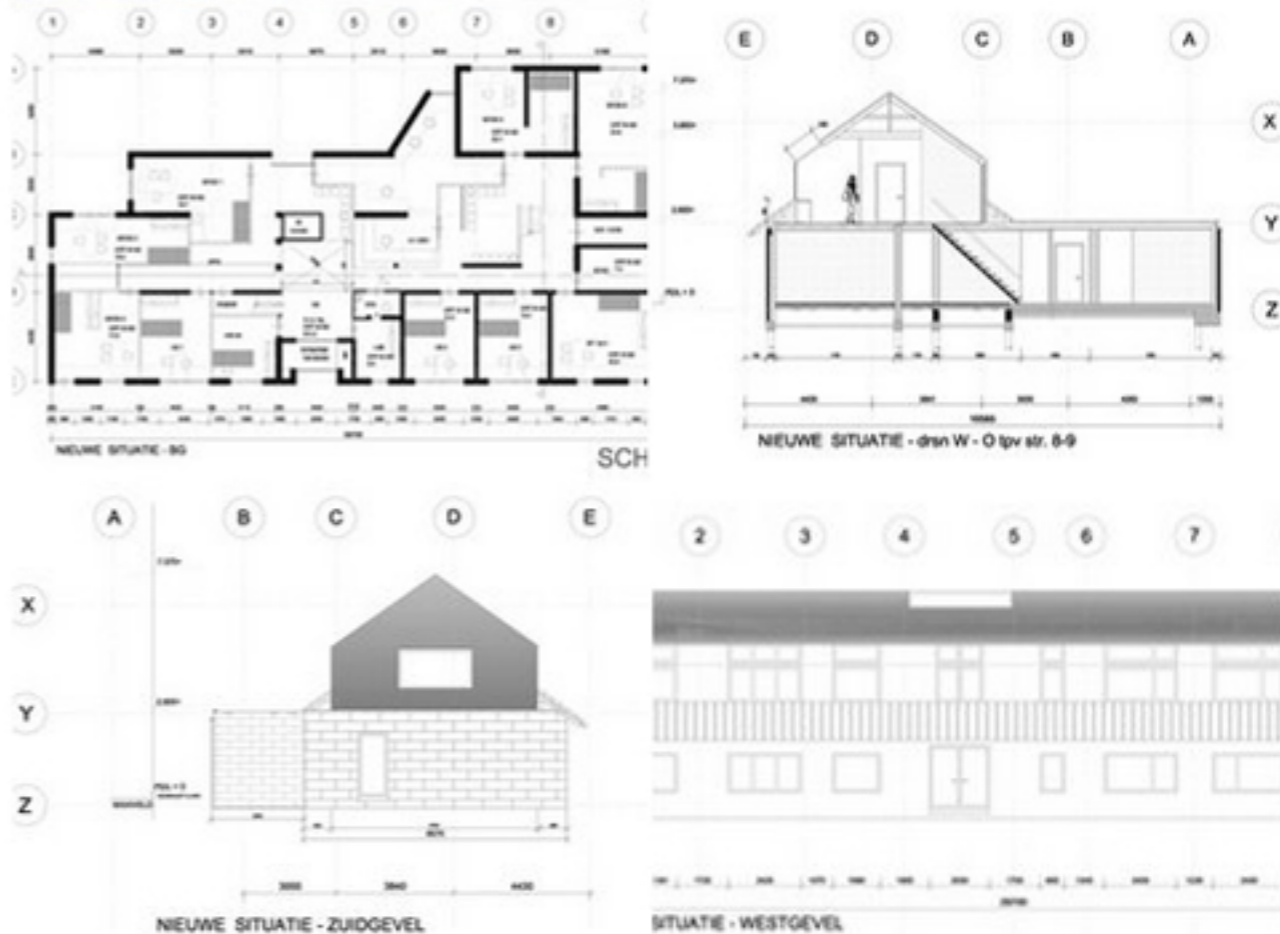

Building Consultants Utrecht:

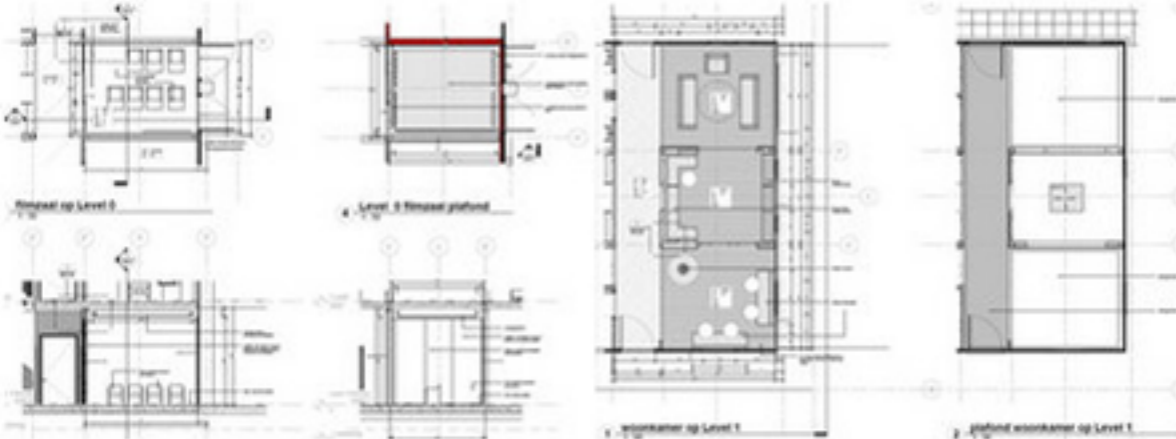

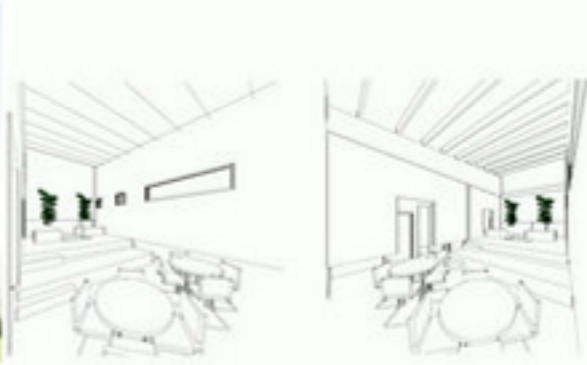

Renovation and build out, practice of a group of 8 physicians.

Concept & design; to create a modern facade and an open working space.

Surface: 455 m<sup>2</sup>

AutoCAD drawing: Definitive Design to Building-permit

## AVHUIS BREDA

**Space & Matter Architects:**

Multi-tenant building specifically aimed at the Audio Visual industry. Collective spaces and facilities some specifically aimed at the AudioVisual are clustered in a volume located at the core of the building called 'the Villa'. In contrast with the office space the atmosphere in the Villa is homey and each functional room has a different atmosphere and materialization.

**Surface: 2500 m<sup>2</sup>**

Revit 3D drawing: Concept & Definitive Design the Villa.

## **SURINAME - SOUTH AMERICA**

**Foundation, Tropical Architecture:**

Concept & design; amongst other, consultant: project apartment resort, residential housings.

**2003 - 2009**

CI-A: Conceptual Intelligence – Architecture (sole proprietorship),  
Amsterdam;  
Architect entrepreneur.

Projects: residential, interior design and renovation  
all stages of the building proces.

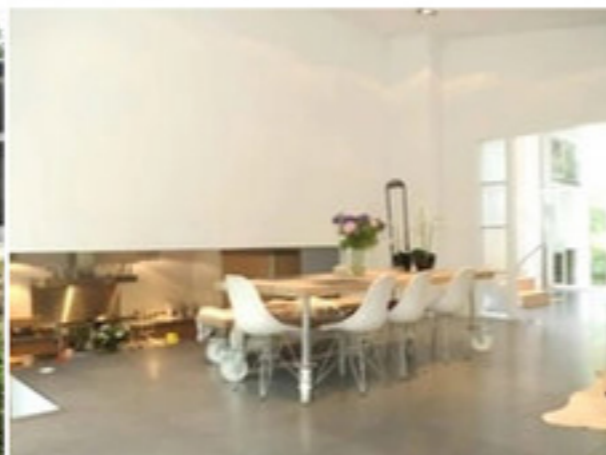

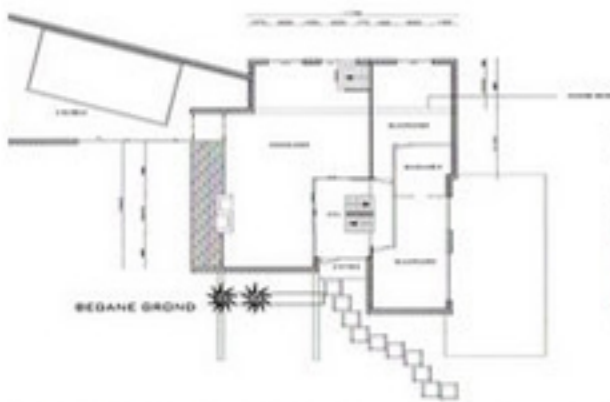

## RENOVATION HOUSE BEEKBERGEN

CI-A: Conceptual Intelligence – Architecture.

Concept & design: "more light & more space".

The openings are "extended" from ceiling to floor and the kitchen moved to the basement. Next the layout of the bedroom, bathroom and walk-in closet, where the walls are at a height of 175 cm making a maximum light transmission in the entire space, from back to front.

Surface 300 m<sup>2</sup> - 4 bedroom villa with garage and swimming pool surrounded by forest.

**2008**

Z + V architects engineers, Uitgeest.

Architectural draftsman

## **HOUSING AND UTILITY BUILDINGS**

Develop structurally Preliminary Design and Executions drawings.

**Programme:** in total are build 42 social housing units and 72 free controlled sector.

## RENOVATION HOUSE ZANDVOORT

AG - Architects, Haarlem.

Architectural draftsman / designer assistant.

### Renovation and expansion Zandvoort Villa.

At the rear substantial expansion is made with the ground floor rear extension, the kitchen and the attic with two large dormer windows. All windows are double glazed and roof is insulated. Both the facade and the interior was rebuilt in the original style with great attention to the detailing of windows with modillions and other original details.

Surface: to 200m<sup>2</sup>

Vectorworks drawing & graphics.

**2006**

**Bentham Crouwel Architects, Amsterdam**  
**(HM)ADP Architects, Amsterdam.**  
Architectural draftsman / designer assistant.

## **CENTRAL STATION - THE HAGUE, ACTA - AMSTERDAM.**

**Bentham Crouwel Architects, Amsterdam.**  
Engineering, research, design, detailing materials.

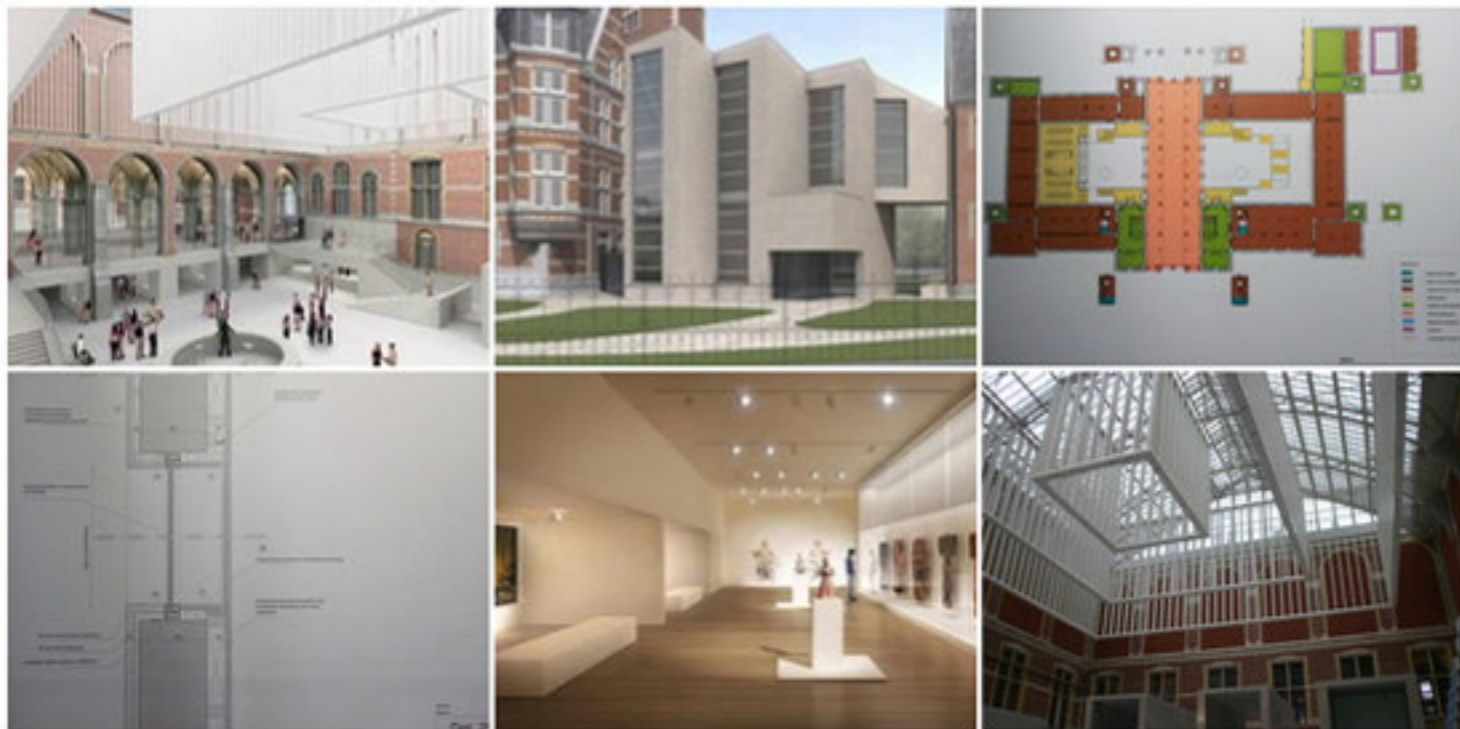

**Programme: gross floor area: 11.370 m<sup>2</sup>**

The Hague's central station and its surroundings are in for a major change. Over the next few years the station itself will be upgraded into a modern multi-modal terminal, an integrated hub where all the city's public transport will converge. Clarity of organization, transparency and four-sidedness were the guiding principles when designing the station concourse.

# THE NEW RIJKSMUSEUM, AMSTERDAM CITYHALL HEEMSTEDE

ADP Architects, Amsterdam, (Cruz y Ortiz, Sevilla).  
Architectural draftsman.

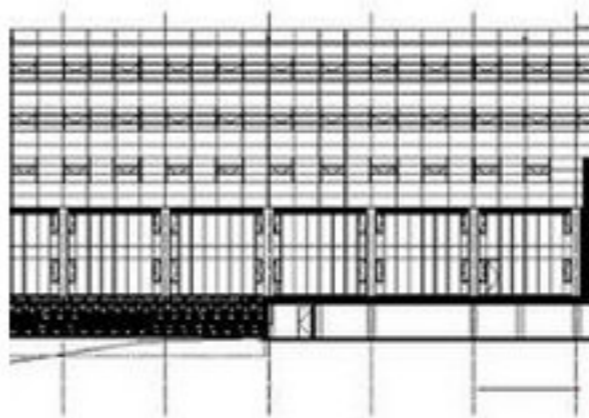

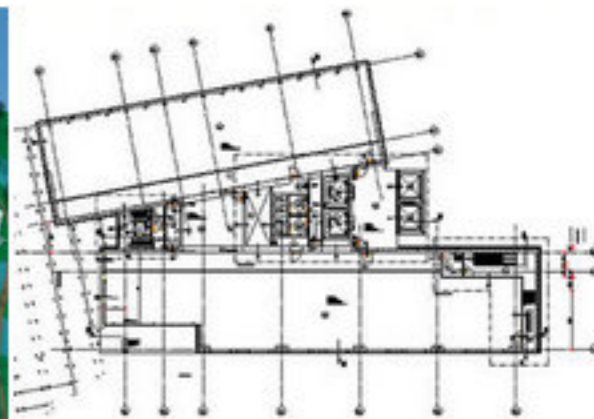

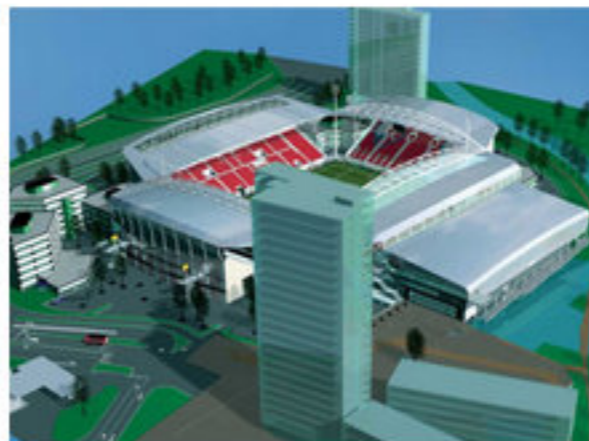

**2005**
